- STAIRS DOWN FROM SUNSET PARK TO BAYFRONT PARK

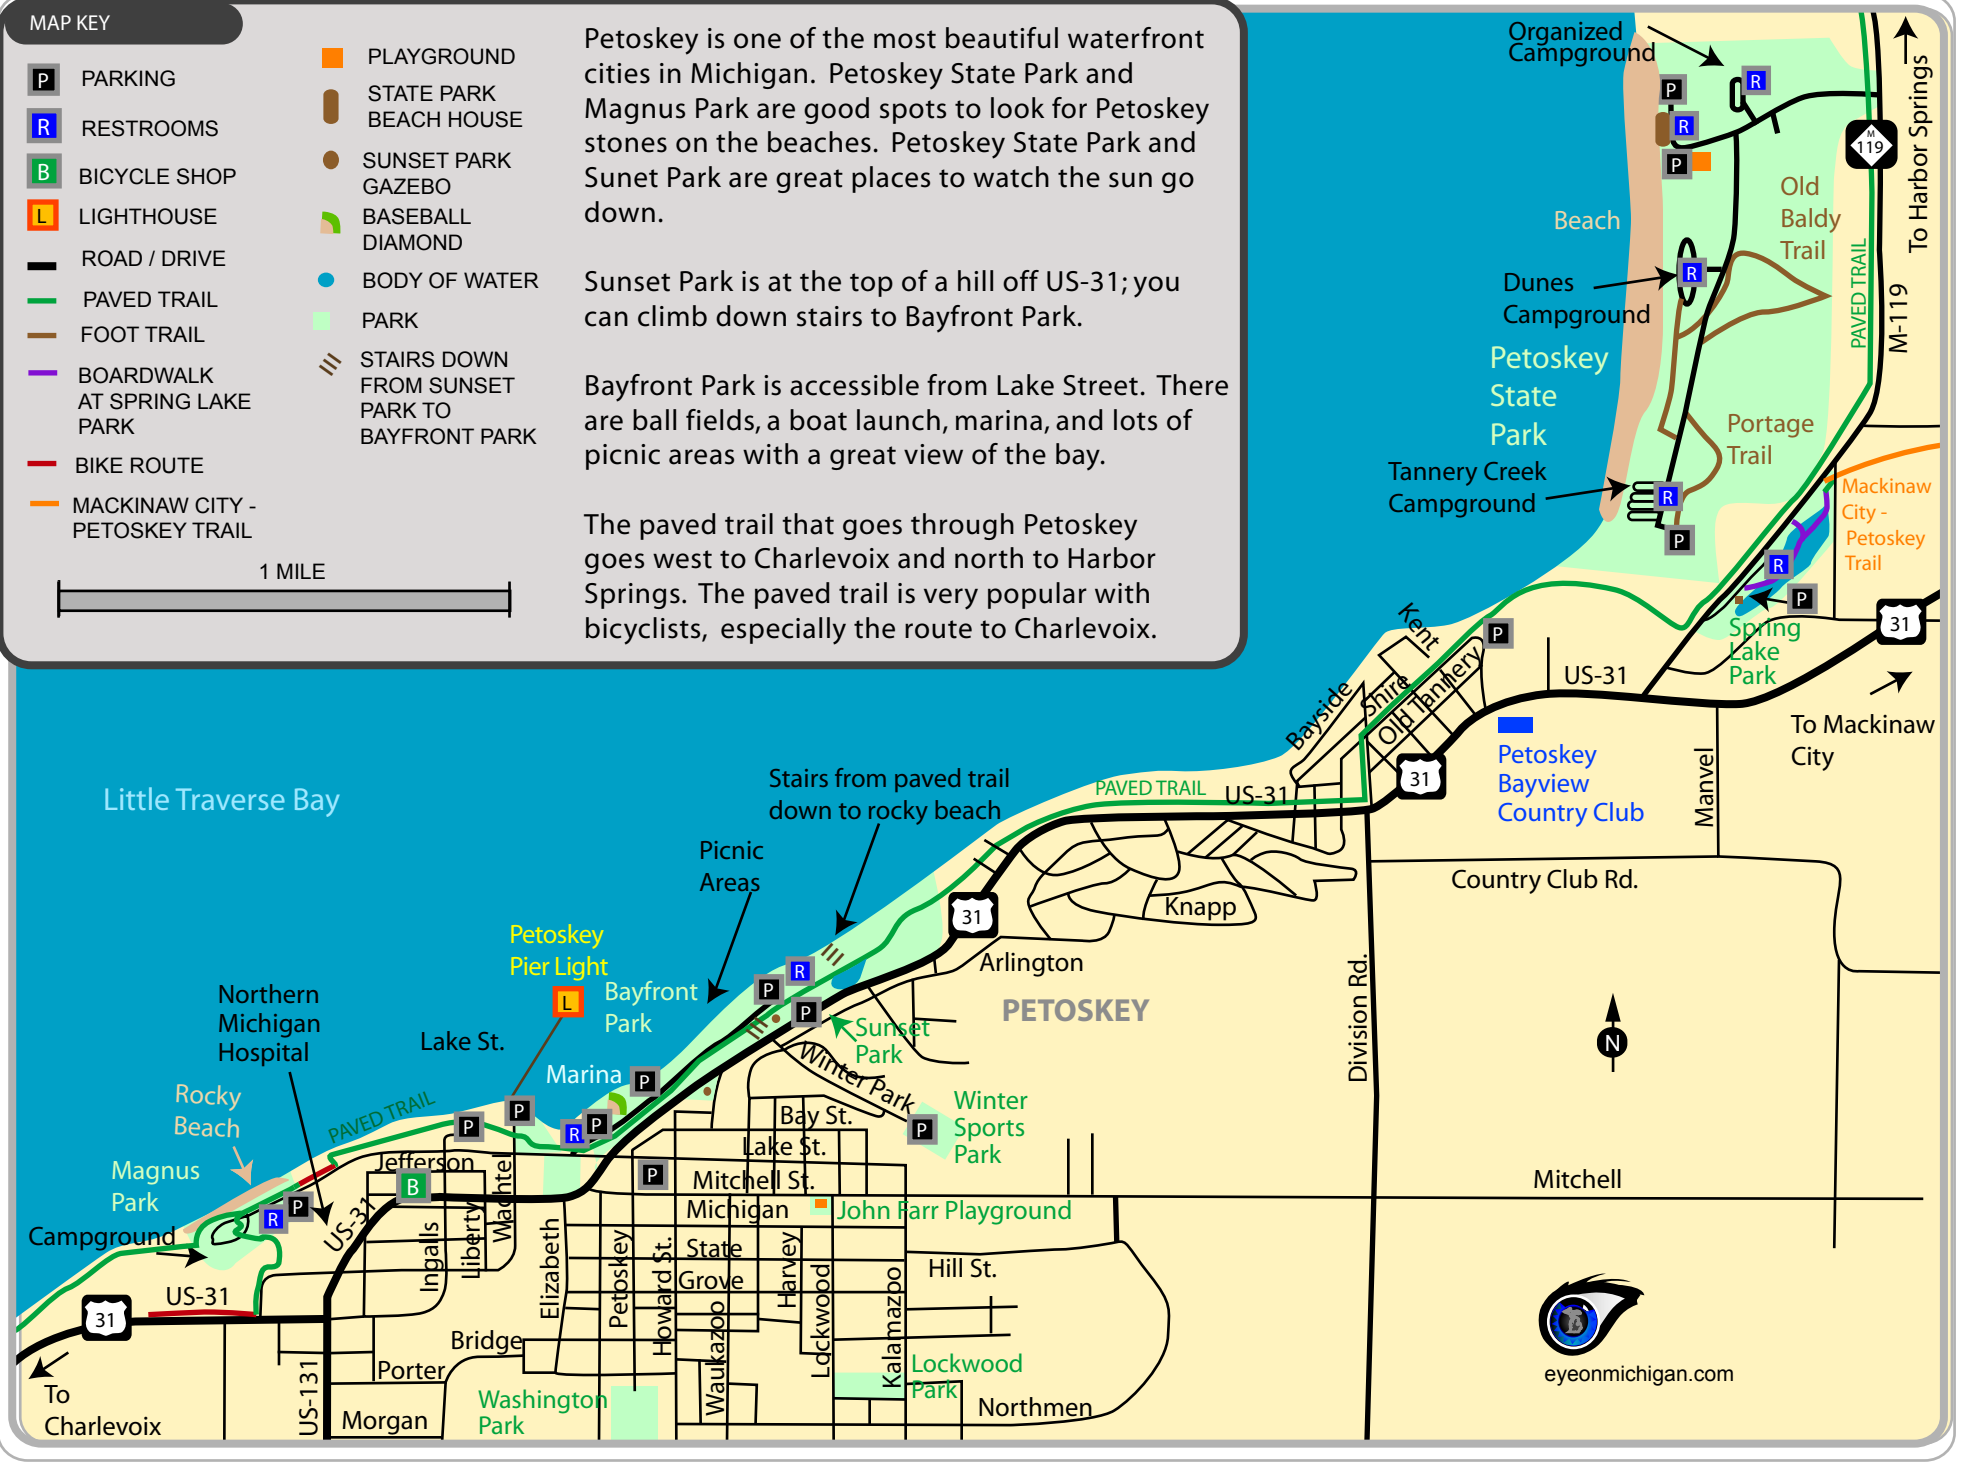

Petoskey is one of the most beautiful waterfront cities in Michigan. Petoskey State Park and Magnus Park are good spots to look for Petoskey stones on the beaches. Petoskey State Park and Sunet Park are great places to watch the sun go down.

Sunset Park is at the top of a hill off US-31; you can climb down stairs to Bayfront Park.

Bayfront Park is accessible from Lake Street. There are ball fields, a boat launch, marina, and lots of picnic areas with a great view of the bay.

The paved trail that goes through Petoskey goes west to Charlevoix and north to Harbor Springs. The paved trail is very popular with bicyclists, especially the route to Charlevoix.
